BiOBiO COLOR GEL

Vivid Color Payoff, Smooth Application * 9ml

BiOBiO Color Gel is manufactured in Korea based on the know-how and technology of abalico Germany. It delivers rich color payoff with just one coat and features an ideal viscosity for smooth application and easy control during nail art

* Various lineups available: Basic, Glitter, Nude, Pearl, Special Fur & Magnetic, with new seasonal trend colors continuously released.

Perfect Curing

Complete curing
in a short time

Vivid Color Payoff

Express the desired color
with excellent pigmentation

Ideal Viscosity

Maintains a smooth surface
with self-leveling performance

Easy & Convenient Application

Apply to clean nails and cure to complete a fresh new nail look.

1

Shape the nails
with a nail file.

2

Gently buff the entire
nail surface
with a sanding block.

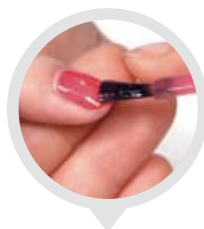

3

Wipe away oil,
moisture, and residue
using a gel cleanser.

4

Apply a thin layer of
base gel and
cure for 30 seconds.
(Apply 1-2 coats if needed.)

5

Apply color gel carefully
up to the free edge
and cure for 30 seconds.
(Apply 1-2 coats if needed.)

6

Finish with Miracle Top Gel
and cure for 30 seconds.

BASIC

A wide range of basic colors with excellent color payoff allows you to express your own unique style.

BiOBiO BASIC GEL

Basic Base Gel & Top Gel for Gel Nails

No more worries about staining! Better adhesion! Essential basics for nail artists. No more concerns about nail damage or staining every time you apply nail color. These are essential items for keeping nail color and shine long-lasting.

BiOBiO Gel Base

A strong basic essential that anyone can use easily and quickly.

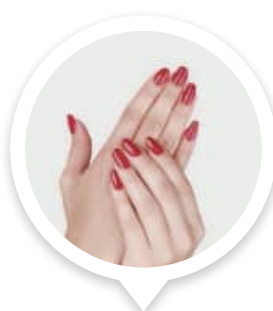

Outstanding Durability

A long-lasting gel base that helps maintain color for at least one month without the use of a bonder.

No Shrinkage

Designed to prevent shrinkage during application, with an ideal one-coat viscosity to help shorten service time.

Stain Prevention

Applied before color gel to help prevent color staining and keep the color long-lasting.

Skin-Conscious Ingredients

Formulated with skin-conscious cosmetic ingredients to help keep nails in healthy-looking condition.

BiOBiO Basic Gel

Gel Base • 9ml prod.NO #2.9019

#Stain Prevention #Long-Lasting Hold

Helps color adhere smoothly, with no shrinkage and easy one-coat application. With its ideal viscosity, this gel base provides excellent adhesion and helps maintain gel nails for over 4 weeks, even on nails that are difficult to retain due to moisture or perspiration.

BiOBiO Miracle Non-Wipe Top Gel

BiOBiO Miracle Non-Wipe Top Gel helps keep gel nail color shine clear and long-lasting. Unlike regular top gels that leave a sticky layer and require wiping, this non-wipe formula allows for an easy and convenient finish right after curing.

✓ No Wipe Needed

A non-wipe type that leaves no uncured residue, allowing for a smooth and easy finish without using a gel cleanser.

✓ No Yellowing Worries

Maintains the original sparkling color and glass-like shine over time without yellowing.

✓ Easy-to-Apply Viscosity

Designed with an easy-to-control viscosity that prevents the brush from hardening during application and minimizes bubbles, making it easy even for beginners.

✓ Fast Curing Finish

An ideal item for nail artists who want beautiful nails quickly. Provides a short and perfect curing time.

BiOBio Basic Gel prod.NO #2.9039

Miracle Non-wipe Top Gel * 9ml

#Color Retention #High-Gloss Finish

Maintains a completely fresh surface and long-lasting color without yellowing. It does not harden during application. A high-gloss non-wipe top gel with a short curing time and excellent self-leveling performance.

BiOBio Basic Gel prod.NO #2.9059

Miracle Non-wipe Matte Top Gel * 9ml

#Matte Effect #Silky Finish

Helps enhance gel nail color and keep it long-lasting. Creates a matte effect with a silky feel. A matte top gel with smooth self-leveling performance.

Make Nails Better

NAIL CARE

BiOBiO Daily Nail Care

Nail Ra:K 1 * 10ml prod.NO #1.10511

#Weak & Damaged Nails #Enamel-Type Hardener

Protects tired and damaged nails from external factors while supplying active ingredients such as calcium, biotin, and vitamin E. It helps provide rest and nourishment to support healthier-looking nails.

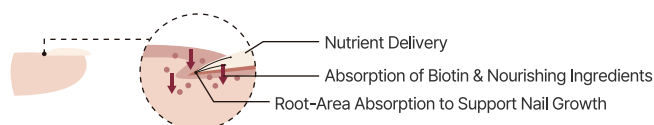

* Apply daily. If the layer becomes too thick, remove with nail remover and reapply. Repeat regularly.

BiOBiO Daily Nail Care

Biotin Serum * 10ml prod.NO #1.10910

#Nail Root Serum #Biotin Serum #Liquid Nail Serum

Formulated with biotin, a sulfur-containing vitamin that helps support keratin formation, and various nourishing ingredients that help care for healthy-looking nails.

* Apply an appropriate amount to the nails and surrounding skin, including the cuticles. Massage gently 2-3 times a day or more, and use consistently for at least 2 months.

Daily Nail & Cuticle Care to Complete Your Fingertips

BiOBiO Nail & Cuticle Oil Serum is a daily fingertip care product designed to care for dry cuticles, the skin around the nails, and weakened nail condition. Unlike regular cuticle oils, it combines the moisturizing feel of oil with highly concentrated serum nutrients, delivering both moisture and nourishment to nails and cuticles.

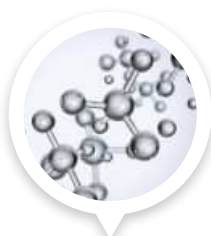

Soft Fruity Floral Scent

A clear and refreshing fruity floral scent lingers softly on the fingertips, offering a light and pleasant feeling instead of an overpowering fragrance. The freshness of apple and citrus blends with fruity, green, and floral notes, finished with a musk base to add a fresh scent to your daily nail care routine.

BiOBiO Daily Nail Care

Nail & Cuticle Oil Serum * 6ml prod.NO #0.00000

#Dry Nails #Hangnails #Easy Care

Unlike regular cuticle oils, this serum is enriched with highly concentrated nourishing ingredients to provide both moisture and nutrition at the same time. Hyaluronic acids with various molecular weights help replenish moisture in dry cuticles, while caring for areas concerned with hangnails and rough skin. Formulated with 22 types of amino acids, which are components of keratin, a key structural protein of nails, it helps nourish dry and weakened nails and maintain a healthy-looking nail condition.

BiOBio HAND CARE

HADN & BODY LOTION

A daily high-moisture lotion formulated with plant-derived extracts and moisturizing ingredients from nature. It helps replenish moisture in dry skin and leaves the hands and body feeling soft and comfortable. With a fresh, non-sticky texture, it absorbs smoothly into the skin.

BiOBio PROBLEMATIC NAIL RESTORATION GEL

Micro Silver

Micro silver particles are approximately 1,000 times larger than nanoparticles, allowing them to act locally on the skin surface without penetrating deep into the skin.

Helps Prevent the Growth of Harmful Bacteria

Micro silver continuously produces cations within a range that does not affect beneficial bacteria. These cations help interfere with bacterial growth and metabolism, helping to suppress and calm harmful bacteria.

STEP 01 Use together

Enhances Nail Adhesion prod.NO #2.80110

Silver Combine Gel 1 * 10ml

Used as the basic step for all silver gel applications. It is applied to deformed nails after scaling, allowing the gel to reach even the uneven areas of the nail surface. Do not wipe off the uncured gel after application.

Enhances Nail Adhesion prod.NO #2.80215

Silver Combine Gel 2 * 15g

Use after applying Silver Combine Gel 1. Suitable for nails and toenails that are prone to fungus formation on the nail surface, and can also be used as a base gel before regular gel coloring.

STEP 02 Choose depending on the condition

Overlay prod.NO #2.80315

Silver Cover-up Gel * 15g

A semi-transparent yellow-gray gel with low heat generation, designed to create a natural-looking nail finish. Sculpting is possible depending on the situation.

Overlay / Extension prod.NO #2.80415

Silver Modeling Gel * 15g

A low-heat gel used for fixation after wire care. With its firm strength, it is suitable for securing ingrown toenails and creates a natural-looking nail finish without coloring.

STEP 03 Choose depending on the condition

High gloss / Low viscosity prod.NO #2.80515

Silver Pure Top Gel * 15g

A very transparent gel that allows for a natural-looking finish.

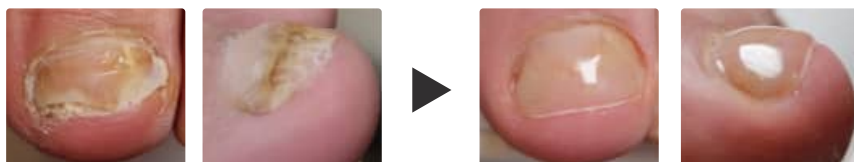

High gloss / Low viscosity prod.NO #2.80615

Silver Snow Top Gel * 15g

A semi-transparent white gel that helps make the color of problem-prone nails and toenails appear healthier.

[Before & After Product Use]

BiOBiO MILDLY ACIDIC FOOT CARE

Mildly Acidic Foot Care

A daily foot care routine with a mildly acidic foot shampoo and foot deo mist. It helps cleanse the feet and keep them fresh and comfortable for the whole family.

After cleansing with the foot shampoo for 2 weeks, skin acidity increased by an **average of 18.5%**.

Refreshing Foot Shampoo * 100ml prod.NO #1.109100

Refreshing Foot Shampoo helps inhibit bacterial growth, making it effective for odor and dead skin cell care. It provides a refreshing cooling sensation to care for tired and stuffy feet, while helping leave the skin texture smooth and healthy-looking.

- * Apply an appropriate amount and massage gently with your hands or a foot brush.
- * After 2 minutes, rinse thoroughly with lukewarm water.

Cooling Deo Foot Spray * 100ml prod.NO #4.108100

Cooling Deo Foot Spray helps maintain a clean foot environment and care for foot odor. With a refreshing cooling sensation, it helps soothe uncomfortable feet while supporting moisture, vitality, and skin elasticity.

- * Spray from a distance of about 20 cm onto areas that need moisture and care, such as the feet and legs.
- * Gently pat the sprayed area to help absorption, then allow it to dry.
- * Carry it with you and spray frequently whenever needed.

Calming Repair Foot Cream * 100ml prod.NO #4.106100

Calming Repair Foot Cream helps strengthen the skin's moisture barrier and prevent moisture loss, leaving the skin feeling soft, moisturized, and healthy-looking. It helps care for a clean foot environment and soothe tired skin, while finishing fresh and lightweight without stickiness.

- * Apply an appropriate amount of Calming Repair Foot Cream to the feet and massage gently until absorbed.

Healing Warm Foot Bath * 100ml prod.NO #4.107100

Healing Warm Foot Bath provides a deep and pleasant warming sensation, helping tired feet feel refreshed and revitalized. It helps care for a clean foot environment and soothes uncomfortable skin, while creating a soft and fragrant foam for a relaxing foot bath.

- * Apply an appropriate amount of Healing Warm Foot Bath to the feet and legs, massaging gently.
- * Rinse the legs with lukewarm water, then soak the feet in warm water for 10–15 minutes. Rinse the feet afterward.
